eTwinning Live

- When you want to create a new project one of the two founders needs to submit the key elements of the project.
- After this procedure the other project will have
- to finalise the process by giving his/her approval
- The application process consists of 4 steps!

3-5 October 2019, Patra, Greece

Step 1

- First step is to select your school.
- You can select only one school, even if you have more than one in your list.
- This choice can't be changed afterwards.

October 2019, Patra, Greece

AIMS

Try to be specific, particularly in terms of competences and skills you hope your pupils will gain through this project. Refrain from stating too abstract concepts such as "European Dimension of education" or "Intercultural communication".

WORK PROCESS

State how you intend to work with your partner schools and how responsibilities are shared. Give an approximate calendar of activities, state how frequently you will work with your partner; indicate how you intend to involve your pupils; if you intend to create teams of pupils of different schools, and other relevant information.

EXPECTED RESULTS

Indicate here if you are planning a final product such a public Twinspace or other resources. You might envisage instead the improvement of a school practice, or new knowledge.

PROJECT KIT

Is your project based on an [eTwinning Project Kit](#)?

No

Yes

A taste of my life

A description of the Aims, the Work Process and the Expected Results is also needed.

Project partners can also agree on selecting a project kit to be the basis or inspiration for the project.
